

**HSCC (I) Ltd**  
AMENDMENT –V Dated 27.06.2019

IFB No.: **HSCC/PUR/CNCI/KOLKATA/MEDICAL EQUIPMENT/101/A Dt. 13.05.2019**

The Bid sale, submission and opening date for the above the referred IFB may be extended as per details given below:

Sl. No.	Description	Existing Schedule	Revised Schedule
i.	Sale date of the tender	13.05.2019 to 01.07.2019, (Up to 13.00 Hrs)	13.05.2019 to 04.07.2019, (Up to 13.00 Hrs)
ii.	Closing date & time for receipt of tender	01.07.2019 upto 14:00 Hrs.	04.07.2019 upto 14:00 Hrs. IST
iii.	Time and date of Opening of Tenders	01.07.2019 at 14:30 Hrs.	04.07.2019 at 14:30 Hrs. IST

The Following items (as listed in NIT) **ONLY** have been bifurcated & changed as detailed below:

Sl. No	Name of the Article	Qty	EMD (in IRs)	Call
6	Basic Surgical Oncology Instrument Sets (Item No.: <b>82, 103 &amp; 107</b> )	5	1,92,000.00	II
7	Gynae Oncology Outpatient Department Instrument Sets (Item No.: <b>106</b> )	4	88,000.00	II
8	Tracheostomy Tray Instrument Sets (Item No.: <b>108</b> )	2	20,000.00	II
9	Special Surgery Instrument Sets (Item No. <b>97 &amp; 99</b> ) - Imported	2	1,00,000.00	II

**AND NOW BE READ AS:**

Sl. No	Name of the Article	Qty	EMD (in IRs)	Call
6a	Basic Surgical Oncology Instrument Sets (Item No.: <b>82, 103 &amp; 107</b> ) - Indian	3	60,000.00	II
6b	Basic Surgical Oncology Instrument Sets (Item No.: <b>82, 103 &amp; 107</b> ) - Imported	2	1,32,000.00	II
7	Gynae Oncology Outpatient Department Instrument Sets (Item No.: <b>106</b> )	4	88,000.00	II
8	Tracheostomy Tray Instrument Sets (Item No.: <b>108</b> )	2	20,000.00	II
9a	Special Surgery Instrument Sets (Item No. <b>97 &amp; 99</b> ) - Imported	2	65,000.00	II
9b	Special Surgery Instrument Sets (Item No. <b>97 &amp; 99</b> ) - Indian	3	35,000.00	II

As desired by some bidders, 5 (Five) additional rows are being incorporated in "**Price Schedule**" for entering prices of Accessories (as per Technical Specifications/BOQ).

All other terms and conditions of the tender enquiry document shall remain unchanged.

Prospective bidders are advised to regularly visit HSCC website/ CPPP website for corrigendum/ amendments etc. if any, as these will be notified on these portals only. No separate advertisement will published in the newspapers in this regard.

**Sr.CGM-1, HSCC (India) Limited**  
For and on behalf of Director, CNCI, Kolkata

**CNCI Decision on Pre Bid Query Held at CNCI Kolkata on 17.05.2019**  
**IFB No. HSCC/PUR/CNCI-Kolkata/Medical Equipment/101/A dt. 13.05.2019**

**REPLY TO PRE-BID QUERY**

**Item no. 1: Automatic glass washer**

Sl. No	Tendered Technical Specification	Bidder's Queries	CNCI Decision for any Amendments, if any
		<i>NO QUERIES</i>	<i>NO CHANGES</i>

**Item no. 2: Automatic slide stainer**

Sl. No	Tendered Technical Specification	Bidder's Queries	CNCI Decision for any Amendments, if any
	Autostainer XL- H & E stainer	<b>One Bidder</b> have requested to change this wording as it is the model of specific brand.	<b>Should be read as</b> “Autostainer”
	• Exact incubation times	<b>Another Bidder</b> have requested to <b>clarify this point.</b>	<b>Points deleted.</b>
	Slides per hour (depending on the selected program –up to 600 slides per hour)	<b>One Bidder</b> have requested to amend as <b>Slides per hour(depending on the selected program –up to 200 slides per hour)</b> <b>Remarks:</b> 600 Slides per hour is contradicting the previous point where Specimen Slide throughput requested is 200and moreover, there is no Slide Stainer that can give a throughput of 600 Slides per hour, it can be 600 Slides per day	<b>Should be read as</b> “Slides per hour (depending on the selected program –up to 200 slides or above per hour)
	Loading capacity: 11 slide racks	<b>One Bidder</b> have requested to amend as <b>Loading capacity: 11 slide racks or more in batches of 5 racks</b> <b>Remarks:</b> It is better, faster and more efficient with better staining quality to have 5 Slide racks (30 slides per rack) running at a time and then continuously load the 6 <sup>th</sup> rack, 7th rack and so on	<b>Tender specification prevailed.</b>
	Loading capacity per slide rack: 30 specimen slides	<b>One Bidder</b> have requested to amend as <b>Loading capacity per slide rack: 20-30 specimen slides.</b>	<b>Tender specification prevailed.</b>

**CNCI Decision on Pre Bid Query Held at CNCI Kolkata on 17.05.2019**  
**IFB No. HSCC/PUR/CNCI-Kolkata/Medical Equipment/101/A dt. 13.05.2019**

	Total number of processing stations: 26	<p><b>Another Bidder</b> have requested to amend as <b>Total number of processing stations: 20-26</b></p> <p><b>Remarks:</b> Depending on the Stainer, the total no. of Stations required for optimum staining and running multiple protocols without compromising on speed and quality can be 20-26. Our Stainer uses lesser no. of stations to give a higher throughput and better staining quality. This way it reduces reagent consumption and lowers the running cost</p>	<b>Tender specification prevailed.</b>
	Reagent container volume: 450 ml	<p><b>One Bidder</b> have requested to amend as <b>Reagent container volume: 450 ml or less</b></p> <p><b>Remarks:</b> Lesser the reagent pot capacity, better it is since it reduces reagent consumption and lowers the running cost. Please note, staining reagents once prepared, have a very limited life, so if the reagent pot capacity is more, there will be loss of reagents. Our Reagent Pots are designed to use less reagents for staining the same no. of Slides as by other makes that uses more reagent</p> <hr/> <p><b>Another Bidder</b> have requested to amend as <b>Reagent container volume: 300-450 ml</b></p>	<b>Tender specification prevailed.</b>
	Number of wash stations: max. 5	<p><b>One Bidder</b> have requested to amend as <b>Number of wash stations: max.3- 5</b></p> <p><b>Remarks:</b> Wash Stations is more than enough to run a H&amp;E Stainer. Lesser no. of Stations will increase the speed and consequently the throughput</p>	<b>Tender specification prevailed.</b>
	Oven: 1 Oven chamber temperature: off or 30 °C to 65 °C	<p><b>One Bidder</b> have requested to <b>clarify this point.</b></p>	<b>Tender specification prevailed.</b>
	Incubation time setting: from 0 sec. up to 99 min, 59 sec.	<p><b>One Bidder</b> have requested to amend as <b>Incubation time setting: from 0 sec. up to 59 min, 59 sec.</b></p> <p><b>Remarks:</b> There is no step in a Staining protocol that needs a time of more than 5- 10 mins, so why 99 mins? In fact in atypical H&amp;E Protocol or any other, the total staining process is not more than 45-60 minutes for completing all the steps. Therefore,</p>	<b>Tender specification prevailed.</b>

## CNCI Decision on Pre Bid Query Held at CNCI Kolkata on 17.05.2019

IFB No. HSCC/PUR/CNCI-Kolkata/Medical Equipment/101/A dt. 13.05.2019

		59mins is more than sufficient.	
	Other Conditions : • Should have CE certificate	<b>One Bidder</b> have requested to amend as <b>Should have CE and FDA and ISO 9001 certificate</b>	<b>Should be read as “Should have CE orFDA”</b>
	• Should have minimum 10 installation in government institution.	<b>One Bidder</b> have requested to amend as <b>Should have minimum 5 installation in government / other reputed institutes</b>	<b>Tender specification prevailed.</b>

### Item no. 3: Automatic Tissue Processor

Sl. No	Tendered Technical Specification	Bidder's Queries	CNCI Decision for any Amendments, if any
	Configurations: – Vacuum function	<b>One Bidder</b> have requested to amend as – <b>Vacuum function or Spiral Agitation</b> <b>Remarks:</b> Please note, Spiral Agitation is as effective as Vacuum, in fact more effective in an open carousel type bench top tissue processor, since the lids are loosely placed on the reagent beakers and the processing is not in an enclosed cabinet for the Vacuum to be effective. Our model applies this patented Spiral Agitation technology where the quality of processing is akin to that of an enclosed vacuum processor <hr/> <b>Another Bidder</b> have requested to amend as – <b>Vacuum/Spiral Agitation function</b>	<b>Tender specification prevailed.</b>
	– Vacuum function with fume control system	<b>One Bidder</b> have requested to amend as – <b>Vacuum function or Spiral Agitation with fume control system</b> <b>Remarks:</b> Please note, Spiral Agitation is as effective as Vacuum, in fact more effective in an open carousel type bench top tissue processor, since the lids are loosely placed on the reagent beakers and the processing is not in an enclosed cabinet for the Vacuum to be effective. Our model applies this patented Spiral Agitation technology where the quality of processing is akin to that of an enclosed vacuum processor <hr/> <b>One Bidder</b> have requested to amend as	<b>Tender specification prevailed.</b>

## CNCI Decision on Pre Bid Query Held at CNCI Kolkata on 17.05.2019

IFB No. HSCC/PUR/CNCI-Kolkata/Medical Equipment/101/A dt. 13.05.2019

		– Vacuum/Spiral Agitation with fume control	
	Option: two basket loading	<b>One Bidder</b> have requested to amend as <b>Option: Single/two basket loading</b>	<b>Tender specification prevailed.</b>
	Should have CE and DIN EN ISO 9001 certificate	<b>One Bidder</b> have requested to amend as <b>Should have CE and FDA and ISO 9001 certificate</b>	<b>Should be read as</b> “Should have CE and DIN EN ISO 9001 certificate or FDA certificate.”
	Should have minimum 20 installation in Government Institutes in Eastern India	<b>One Bidder</b> have requested to amend as <b>Should have minimum 20 installation in Government Institutes in India</b> <b>Remarks:</b> You must give equal opportunity for good products to enter Eastern India when it has a proven track record in other States. You have already asked for service set up in Kolkata and we qualify that criteria. We have more than 100 installations all over India and restricting us from participating in the tender with this clause is not fair and would reflect bias towards the other competitor	<b>Tender specification prevailed.</b>

### Item no. 4: Rotary Microtome with 50 spare knives

Sl. No	Tendered Technical Specification	Bidder's Queries	CNCI Decision for any Amendments, if any
	Should have two steps mechanical trimming function for fast and convenient specimen trimming. Trimming thickness 10 µm, 50 µm	<b>One Bidder</b> have requested to amend as <b>Should have two steps mechanical trimming function for fast and convenient specimen trimming. Trimming thickness 10 µm, 30 µm</b>	<b>Should be read as</b> “Should have two steps mechanical trimming function for fast and convenient specimen trimming. Trimming thickness 10 µm, 50 µm or 10 µm, 30 µm.”
	Should have CE certificate	<b>One Bidder</b> have requested to amend as <b>Should have CE and FDA and ISO 9001 certificate</b>	<b>Should be read as</b> “Should have CE and FDA”
	Consumables like Disposable HP blades 50 blades/ per pack	<b>One Bidder</b> have requested to <b>Specify the quantity.</b>	<b>Should be read as</b> “Consumables like Disposable HP blades 50 blades/ per pack, one pack should be supplied.”

### Item no. 5: Tissue embedding station

Sl. No	Tendered Technical Specification	Bidder's Queries	CNCI Decision for any Amendments, if any
	Operating temperatures: 50 °C to 75 °C, adjustable in 1 °C increments	<b>One Bidder</b> have requested to amend as <b>Operating temperatures: 50 °C to 70 °C, adjustable in 1 °C increments</b>	<b>Should be read as</b> “Operating temperatures: 50 °C to 70 °C or more, adjustable in 1 °C increments”

## CNCI Decision on Pre Bid Query Held at CNCI Kolkata on 17.05.2019

IFB No. HSCC/PUR/CNCI-Kolkata/Medical Equipment/101/A dt. 13.05.2019

	<p>– Display: 5.7 inch capacitive LCD touch screen</p>	<p><b>One Bidder</b> have requested to amend as – <b>Display: 5.7 inch capacitive LCD touch screen or Touch Keys with LCD Display of all parameters</b>  <b>Remarks:</b> Please note, in a Tissue Embedding Station, the user deals with lot of molten wax, so fingers always liable to be coated with wax and when the screen is touched it gets incapacitated and loses sensitivity. Therefore, in this instrument specially, touch-screen is not a success and will need frequent replacement resulting in down time. Hence it is requested that Touch keys with LCD display is preferred since it does not affect the performance of the instrument in any way</p> <hr/> <p><b>Another Bidder</b> have requested to amend as Display: capacitive LCD touch screen</p>	<p><b>Should be read as</b> “Display: 5.7 inch or more capacitive LCD touch screen”</p>
	<p>Should have CE certificate</p>	<p><b>One Bidder</b> have requested to amend as <b>Should have CE and FDA and ISO 9001 certificate</b></p>	<p><b>Should be read as</b> “Should have CE certificate or USFDA.</p>
	<p>Should have minimum 10 installation in government institution.</p>	<p><b>One Bidder</b> have requested to amend as <b>Should have minimum 5 installation in government institution.</b></p>	<p><b>Tender specification prevailed.</b></p>

### Item no. 6: Basic Surgical Oncology Instrument Sets (Item No.: 82, 103 & 107)

Sl. No	Tendered Technical Specification	Bidder's Queries	CNCI Decision for any Amendments, if any
		<p><b>One Bidder</b> have requested for following prayer:            1. It may so happen that one single company will not be able to quote for all the products mentioned under a single item. In that case kindly allow to supply products of different make, which satisfies all technical and administrative parameters or else request to consider those items for a separate tender.            2. Imported companies will not be able to match the prices of local companies. Request a fair playing ground for imported companies so that they can compete with equals.</p>	<p><i>As per bidder query and CNCI requirement, the specification has been amended/revised by CNCI as per annexure 1 enclosed herewith</i></p>
