- Presence of economically important plant species.

Wildlife

The information on fauna of the area to be collected from various secondary source for the following aspects.

- Inventory of major wildlife species including avi-fauna.
- List of rare and endangered species reported in the study area, if any.

Fisheries

The data on following aspects be collected from various secondary sources.

- Types of fishes, endemic/exotic, annual yield, etc.
- Pisci-culture as being practiced in area

Tender for Appointment of EIA Consultant for Conducting EIA Study and getting EIA Clearance from Concerned Authorities for Proposed Upgradation of District Hospital to Medical College at Alwar in the state of Rajasthan.

3.2 Physico-chemical parameters

Meteorology

The data on meteorological aspects is proposed to be obtained for the nearest meteorological station of the India Meteorological Department (IMD), located within or near the study area.

The data for the following aspects shall be collected.

Rainfall

- Average (monthly, annual)
- Maximum (monthly, annual)
- Minimum (monthly, annual)

Temperature

- Average (monthly)
- Maximum and minimum (monthly)

Humidity

- Averages(monthly)
- Maximum and minimum (monthly)

Ground Water

The data on water table (bgl), ground water quality, ground water abstraction, etc. for the project area will be collected from the concerned offices of Central Ground Water Board and State Ground Water Board. The findings of the geotechnical survey being conducted at the site as a part of DPR shall also be appropriately utilized.

Ambient Air Quality

As part of EIA study, Ambient Air Quality Monitoring will be carried out at four locations in the study area and the monitoring shall be done for twice a week for 12 consecutive weeks for once during the field studies. The parameters to be monitored are PM₁₀, PM_{2.5}, SO₂ and NO₂.

Water Quality

A detailed water quality monitoring programme shall be done once during the field studies and surface water and ground water samples will be collected from various locations in the study area including project area, if available. Standard methods of sampling and testing of physical and chemical parameters (IS:1620:1961 and IS:3025:1964) shall be used. The monitoring shall be done for one season only.

The parameters to be analyzed shall be:

- Hardness
- DO
- pH
- Electrical Conductivity
- Total Dissolved Solids
- Chlorides
- Sulphates
- Fluorides
- Calcium

Tender for Appointment of EIA Consultant for Conducting EIA Study and getting EIA Clearance from Concerned Authorities for Proposed Upgradation of District Hospital to Medical College at Alwar in the state of Rajasthan.

- Magnesium
- Sodium
- Potassium
- Chromium
- Lead
- Cadmium
- Total Coliform

Soil

Soil quality at various locations within the study area of Upgradation of District Hospital at Alwar to Medical College will be monitored by collecting and analysis of soil samples. In addition, findings of the soil survey being conducted as a part of the Geotechnical investigations for the project site shall also be appropriately utilized.

Noise

Hourly noise level readings shall be taken at 10 locations in the project area including study area using Noise Meter. Based on the hourly reading equivalent noise levels shall be estimated.

Land Use Pattern

Land use pattern for the study area shall be derived through remotely sensed data. It is proposed to procure IRS-IC/ID LISS-III satellite data for assessing the land use pattern. Ground truth studies will be conducted for verification of various signals, based on which supervised classification shall be done to develop the land use pattern of the study area.

3.3 Socio-economic aspects

The analysis of demographic profile, literacy rate, percentage of classified workers, residential houses, villages, towns etc. in the study area would be carried out with help of available secondary data.

In addition to above, the following information shall also be collected from secondary sources.

- Major industries within the study area
- Presence of sensitive places/ archaeological and historical monuments tourist sites etc. within the study area.
- Public health data related to various water borne and vector-borne diseases in the project as well as study area.

4. PREDICTION OF IMPACTS

As a part of study, the impacts on various facets of environment will be assessed through mathematical modeling, visual interpretation, overlay techniques etc.

The following impacts are proposed to be covered as a part of the EIA study:

- Impacts due to project construction
- Impacts during project operation phase.

The impacts covered during project construction phase are listed as below:

- Water pollution due to disposal of untreated sewage from the labour camps
- Impacts due to setting of labour camps, work shop, storage of construction material

Tender for Appointment of EIA Consultant for Conducting EIA Study and getting EIA Clearance from Concerned Authorities for Proposed Upgradation of District Hospital to Medical College at Alwar in the state of Rajasthan.

- Increased soil erosion from construction sites
- Impacts on ambient air quality due to various construction activities
- Increased noise levels

The impacts likely to accrue during project operation phase are listed as below:

- Impacts due to generation and disposal of bio-medical waste categorized as below :
 - » Category – 1 : Human Anatomical Waste
 - » Category – 2 : Animal Waste
 - » Category – 3 : Microbiology & Biotechnology Waste
 - » Category – 4 : Waste Sharps
 - » Category – 5 : Discarded Medicines and Cytotoxic drugs
 - » Category – 6 : Soiled Wastes
 - » Category – 7 : Solid Wastes
 - » Category – 8 : Liquid Wastes
 - » Category – 9 : Incineration Ash
 - » Category – 10 : Chemical Waste
- Impacts on ambient air quality due to incineration, autoclaving etc.
- Impacts on ambient noise and air quality due to increased vehicular movement in project operation phase.
- Impact on vegetation, flora and fauna
- Impacts on aquatic ecology
- Impact on public health
- Impacts due to water abstraction for the project

Tender for Appointment of EIA Consultant for Conducting EIA Study and getting EIA Clearance from Concerned Authorities for Proposed Upgradation of District Hospital to Medical College at Alwar in the state of Rajasthan.

- Impacts on socio-economic aspects.
- Impacts due to acquisition of land belonging to various ownership categories
- Increased employment potential during project operation phase

5. ENVIRONMENTAL MANAGEMENT PLAN

The Environmental Management Plan (EMP) shall include recommendations as a result of impact assessment phase so as to ameliorate the anticipated adverse impacts on various facets of environment. The estimation of cost for implementation of various measures including the identification of implementing agency shall be done as a part of the EIA study. Some of the aspects for which management measures shall be suggested are given as below:

- Reclamation of areas disturbed during construction
- Measures to treat and dispose various categories of hospital waste generated during operation phase as per the norms outlined in Bio-Medical Waste (Management and Handling Rules 1998)
- Measures to control air pollution due to proposed activities/operation, especially due to incineration during project operation phases.
- Greenbelt development and identification of floral species which can be planted in and around the project.
- Measures to control noise pollution and mitigate adverse impact on workers and habitat during project construction and operation phase.
- Estimation of cost required of implementation of control measures.

NOTE :- Any study, analysis, data collection, presentation, documentation etc. required to obtain clearance from State Pollution Control Board / Ministry of Environment & Forests, Government of India will be part of TOR without any extra cost. However, no deduction shall be made for any study/ action which are not required to obtain the EIA clearance but stated above.

Tender for Appointment of EIA Consultant for Conducting EIA Study and getting EIA Clearance from Concerned Authorities for Proposed Upgradation of District Hospital to Medical College at Alwar in the state of Rajasthan.

Annexure-I

UNDERTAKING

I/ We have read and understood the instructions and the terms and conditions contained in the appointment of EIA consultant document. I/We do hereby declare that the information furnished in application and in the supplementary formats at Annexure II to IV is correct to the best of my /our knowledge and belief.

31. Total build up area and Plot Area may be distributed in number of blocks and may vary to any extent.

Tender for Appointment of EIA Consultant for Conducting EIA Study and getting EIA Clearance from Concerned Authorities for Proposed Upgradation of District Hospital to Medical College at Alwar in the state of Rajasthan.

TERMS AND CONDITIONS:

The consultant shall be responsible for the retendering the following services

1. The proposal shall be based on Gazette notification vide S.O. No.801(E) on 7th July, 2004 and the provision continued in new EIA Notification, 2006 which was issued by the Union Ministry of Environment and Forest on 14.06.2006 and amended on 01.12.2009 and up to date amendment if any.
2. The consultant shall render every assistance, guidance and advise in general to the accepting authority on any matter concerning the technical aspects of the consultancy.
3. The data required for preparation of the report shall be collected by Consultant.
4. The professional fees of the Consultant shall also be inclusive of cost of all visits to the site or elsewhere meeting and making suitable presentations, till the Environmental Clearance is accorded by competent authority.
5. The income tax deduction shall be made at source by the department (as per the Government of India norms).

6. Security Deposit:

An amount equivalent to 5%(five percent) of bill amount shall be deducted from each bill of Consultant till a Security deposit equivalent to 5% of agreed fee is reached for fulfilling the terms and condition of contract faithfully and honestly. The security deposit shall be refunded after receipt of environment clearance from the competent authority.

7. Copy Rights:

The consultant shall give full copy right to the HSCC for use of documents prepared by him and that of other consultants and their associates engaged by him and for which payment has been made to him by the M/s HSCC.

8. Changes in the constitution of the firm:

The consultant shall promptly notify the HSCC of any change in the constitution of their firm. It shall be open to the HSCC to terminate this agreement on the death, retirement, insanity or insolvency of any person being partner in the firm, or on the addition or introduction of a new partner without prior approval in writing of HSCC. In the absence of and until its termination by the HSCC as aforesaid, this agreement shall continue to be in full force and effect during the execution of the project w.e.f. the date of signing of this agreement notwithstanding any change in partners or the addition or introduction of new partner. In case of any death or retirement the surviving or remaining partners of the firm shall be jointly and severally liable for the due and satisfactory performance of all the terms and conditions of the agreement.

9. Time Schedule:

- a) Time limit is 03 (Three) months from the date of order to get the environment clearance from competent authority. Time is the essence of the contract.
- b) The consultant shall not be responsible for delays which result from the acts of omission of the HSCC, any person or entity over whom the consultant do not exercise direct control, including any contractor, or to force major civil disturbance, war, labour disputes, fire or any other cause beyond the Consultant Control. The time schedule shall be adjusted accordingly in the event of any such delay.

10. Completion of Work:

The time allowed for carrying out the work as specified in clause-9 shall be strictly observed by the consultant and shall be deemed to be of the essence of the contract on the part of the Consultant. The work shall throughout the stipulated period of the contract be preceded with all due diligence as per time schedule laid under clause-9 above and subsequently notified by the HSCC. In the event of any delay on the part of the consultant, the consultant shall pay as compensation an amount equal to 1.0% per month of delay to be computed as per day basis that the work remains unfinished after the specified date and for failure to comply with obligations and duties assigned to him under this agreement subject to a maximum of 5% of total fee of the work involved.

11. Abandonment of Work:

If the consultant abandon the work for any reason whatsoever or become incapacitated from acting as Consultant as aforesaid, the HSCC may make full use of all or any of the drawings prepared by the consultant and that the consultant shall be liable to pay such damages as may be assessed by the Accepting Authority subject to maximum of 10% of total fee payable to the consultant under this agreement.

Provided, however, that in the event of termination of the agreement being under proper notice as provided in the clause-10 of the agreement the consultant shall be liable only to refund any excess payment made to them over and above what is due to them in accordance with the terms of this agreement, for the service performed by them till the date of termination of the agreement.

12. Termination:

This agreement may be terminated at any time by either party on giving two months notice to the other and in the event of such termination; the consultant shall be liable to refund the excess payment if any made to them over and above what is due in terms of the drawings/details prepared by the Consultant.
